"CAPS" CALCULATIONS

N.J.S.40A:4 - 45.1 et. seq. "The Local Government Cap Law" places limits on municipal expenditures. Commonly referred to as the "CAPS", it is actually calculated by a method established by the law.

In general the actual calculation works as follows. Starting with the figure in the 2017 budget for Total General Appropriations certain 2017 budget figures are subtracted; including the reserve for uncollected taxes, debt service, State and Federal aid, etc. Take the resulting figure and multiply it by 0.50% and this gives you the basic "CAP" or the amount of appropriations increase allowed over the 2017 Total General Appropriations. The Total General Appropriations may also be increased by 3.5%, if prior, to the introduction of the 2017 budget an index rate ordinance is approved by the governing body.

In addition to the increase allowed above, any increase funded by increase valuations from new construction or improvements is also allowed.

Also, the "CAPS" may be exceeded if approved by referendum. The actual "CAPS" for this municipality will be reviewed and approved by the Division of Local Government Services in the State Department of Community Affairs, but the calculations upon which this budget was prepared are as follows:

CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

CAPITAL BUDGET

- A plan for all capital expenditures for the current fiscal year.

If no Capital Budget is included, check the reason why:

_____ Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund,
Capital Line Items and Down Payments on Improvements.

_____ No bond ordinances are planned this year.

CAPITAL IMPROVEMENT PROGRAM

- A multi - year list of planned capital projects, including the current year.

Check appropriate box for numbers of years covered, including current year:

_____ 3 years. (Population under 10,000)

☒ 6 years. (Over 10,000 and all county governments)

_____ years. (Exceeding minimum time period)

_____ Check if municipality is under 10,000, has not expended more than \$25,000 annually for capital purposes in immediately
previous three years, and is not adopting a capital improvement program.

NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

The Mayor and Township Committee in presenting this Capital Improvement Program, is desirous of informing the residents and the taxpayers of the Township of its projected needs for the next six years. Serious consideration and deliberation was given prior to the insertion of several items listed within. The Capital Improvement Program is flexible in that it may be amended at anytime to increase or decrease the amounts and to add or delete items by resolution of the Township Committee.
