

Middletown Receives Innovation in Governance Award at NJ League of Municipalities Conference

Mayor Tony Perry with Innovation in Governance Awards Committee judges Jacquelyn Suárez, Acting Commissioner of the Department of Community Affairs, and Ray Heck, 2023 NJLM President and Mayor of Millstone, NJ

Middletown Township, one of 565 municipalities across the state of New Jersey, received the 2023 *Innovation in Governance* Award for its Next Generation Support Program (NGSP) at the New Jersey League of Municipalities (NJLM) Conference in Atlantic City this week. This annual recognition program was established to highlight exemplary local government activities that exhibit creative and practical approaches to local problems and concerns.

This year, the *Innovation in Governance* Awards Committee was looking for a new and distinctive approach undertaken by Garden State municipalities during the period of June 1, 2022 through September 30, 2023. Middletown Township

submitted an entry for the NGSP to showcase the original thinking to dedicate funds from the American Rescue Plan to execute a free tutoring program to help students who suffered from learning loss due to the COVID-19 pandemic get back on track.

Tap into Federal Housing Administration's 203(k) Program to Help Rehab or Renovate Your Home

If you want to finance the purchase of a home that needs rehabilitation or finance improvements to your current home, the **Federal Housing Administration's (FHA) Section 203(k) Rehabilitation Mortgage Insurance Program** (203(k) Program) may be the right choice for you. This program is available through FHA-approved lenders and allows homebuyers to finance the purchase of a home or homeowners to refinance a current mortgage, combining the cost of renovations, repairs, or remodeling into a single loan.

The program permits homebuyers and homeowners to have home repair improvements incorporated into their mortgage. This way you can quickly and easily tap into cash to pay for property repairs or improvements, such as those identified by a home inspector or an FHA appraiser. Those who are buying a home can make it move-in ready by remodeling the kitchen, painting the interior, or

purchasing new carpet. Homeowners can make property repairs, improvements, or prepare their home for sale. The 203(k) Program is also often used to rebuild or repair after a natural disaster such as a flood or hurricane. It is also available to HUD-approved non-profit organizations and government agencies.

For more information and resources, check out [this pamphlet \(PDF\)](#).
