

Community Remembers and Honors the Brave at Annual Memorial Day Parade

On Monday, Middletown Township held its annual Memorial Day Parade with American Legion Post 338 to remember those who made the ultimate sacrifice for our nation. The community turnout for the parade was amazing and Mother Nature cooperated with sunshine instead of the predicted rain.

The parade stepped off from Bayshore Middle School in Leonardo at 10:00 AM. Grand Marshal John Alonso, longtime Middletown resident and veteran of both World War II and the Korean War, led the procession along with the Middletown

Township Police Department's Honor Guard. Mr. Alonso's car was followed by the Township Committee and dignitaries, the Knights of Columbus, BYAA, local Scout troops, Middletown High School South and North marching bands, antique cars, Disney characters, and first responders who proudly turned on their vehicle's sirens to engage parade attendees.

Everyone was there to remember and honor those who fought and died for the freedoms we are able to enjoy today. The 3-mile parade route concluded at American Legion Post 338, where Commander Robert Colton and Mayor Tony Perry each shared some inspirational and patriotic words and recognized Grand Marshal John Alonso for his service to both our community and country. American Legion Auxiliary Chaplain Katie Wilson did the Invocation and Benediction and Auxiliary President Dawn Norcross and Commander for the Sons of the American Legion Eric Henton did the Presenting of the Wreath. The service ended with Taps.

After the parade ended, community members were encouraged to stay and enjoy hot dogs and beverages. Thank you to American Legion Parade Chairwoman Lisa Natale, Commander Robert Holton, and Finance Officer Michael Piatti for coordinating this important event as well as the many individuals and organizations who participated in the parade.

Prior to the parade, there was a service held at the World War II Memorial (900 Leonardville Road). The service was run by Commander Robert Colton. M.A.S.T. Color Guard presented the colors, Auxiliary Chaplain Katie Wilson did the Invocation and Benediction, Commander Robert Colton did the Presentation of the Wreaths, and Finance Officer Michael Piatti did the hoisting and lowering of the flags.

Middletown Fire Prevention Reminds Residents About Lithium-Ion Battery Safety

Lithium-Ion Battery Safety

Lithium-ion batteries supply power to many kinds of devices including smart phones, laptops, e-scooters and e-bikes, e-cigarettes, smoke alarms, toys, and even cars. If not used correctly, or if damaged, these batteries can catch on fire or explode.

The problem

- These batteries store a large amount of energy in a small amount of space.
- Sometimes batteries are not used the right way; batteries not designed for a specific use can be dangerous.
- Like any product, a small number of these batteries are defective. They can overheat, catch fire, or explode.

Safety Tips

- Purchase and use devices that are listed by a qualified testing laboratory.
- Always follow the manufacturer's instructions.
- Only use the battery that is designed for the device.
- Put batteries in the device the right way.
- Only use the charging cord that came with the device.
- Do not charge a device under your pillow, on your bed, or on a couch.
- Do not keep charging the device or device battery after it is fully charged.
- Keep batteries at room temperature when possible. Do not charge them at temperatures below 32°F (0°C) or above 105°F (40°C).
- Store batteries away from anything that can catch fire.

Signs of a Problem

Stop using the battery if you notice these problems: odor, change in color, too much heat, change in shape, leaking, or odd noises. If it is safe to do so, move the device away from anything that can catch fire. Call 9-1-1.

Battery Disposal

- Do not put lithium-ion batteries in the trash.
- Recycling is always the best option.
- Take them to a battery recycling location or contact your community for disposal instructions.
- Do not put discarded batteries in piles.

Charging an E-bike

Charge your battery in a flat, dry area away from children, direct sunlight, liquids, tripping hazards, and in a location where the e-bike is not at risk of falling.

How to Report a Neighborhood Safety Concern

The Safety Council of Middletown would like to hear from residents about any safety concerns that may be occurring in their neighborhood.

The Safety Council is an advisory board that reviews safety concerns in the township and provides guidance to the Township Committee and the Police Department. Some safety issues the board can help address include:

- **Speeding**

- **Parking on busy roads that impact traffic flow**
- **Roads that flood from little rainfall**
- **Traffic not adhering to crosswalk or stop signs**
- **Trees and branches that are limiting passage on sidewalks**
- **Sidewalks that are uprooted or damaged that could cause someone to fall**
- **Unusual amount of traffic or people congregating at a specific house in your neighborhood that could indicate possible illegal activity**
- **Garbage piling up on side roads or on a lot in your neighborhood**

If you would like a safety issue addressed, please inform the Council so they can help you achieve a successful outcome. You can report your safety concern by contacting the Middletown Crossing Guard Office at 732-615-2100 ext. 2044 or by emailing bpfleger@middletownnj.org.
