

Middletown Celebrates Grand Opening of Veterans Village and 68th Annual Veterans Day Parade

On Sunday, November 2nd, the Veterans Village grand opening marked a landmark achievement for the Township of Middletown and its commitment to serving those who have served our nation. The new 100% affordable housing complex, located at 45 Leonardville Road in the Belford/Campbell's Junction area, officially opened its doors with remarks from dignitaries, a flag-raising ceremony, Global War on Terror memorial unveiling, a ribbon cutting, a brunch, and public tours.

This year's Grand Marshal was Dan Butler, who is also the owner of Veteran Auto Repair and LLC (412 NJ-36, Port Monmouth)!

"Our veterans have given everything to protect our freedoms, and this project is one small way we can give back. Veterans Village stands as a symbol of Middletown's gratitude and our promise to care for those who have sacrificed so much," said Mayor Tony Perry. "I want to thank every organization and individual who helped make this possible — from our housing partners to our community volunteers — because together, we've built more than housing; we've built a home for heroes."

The opening was also held in conjunction with the Township's 68th Annual Veterans Day Parade — a day full of patriotism and pride. Hundreds of community members gathered along the route and at the post-parade party to cheer on our veterans!

NJAW Lead Service Line Replacement Program Door-to-Door Canvassing Continues

[Click on the canvassing map to view it in a larger PDF format.](#)

CDM Smith, on behalf of New Jersey American Water (NJAW), started a door-to-door canvassing effort related to the Lead Service Line Replacement Program (LSLRP) in Middletown on Monday, February 3rd. The team will be working in the Leonardo Elementary School District and Navesink Elementary School District in Area 2 and the Middletown Village Elementary School District and Nut Swamp Elementary School District in Area 3 this upcoming week.

All CDM Smith inspectors will wear co-branded (NJAW and CDM Smith) high visibility logo vests and will have NJAW-issued Contractor ID badges. Inspectors will introduce themselves and the program to property owners and will then ask to enter the home to inspect the water service where it enters into the home (typically in a basement or crawl space).

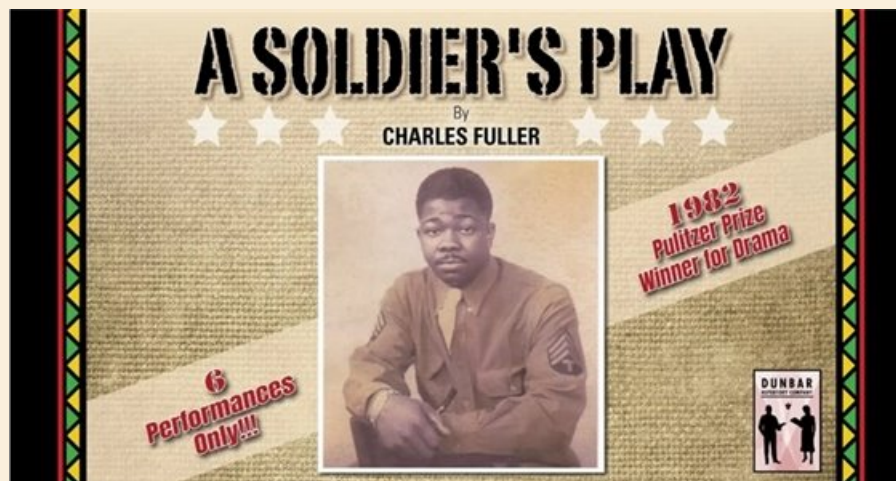

The inspector will take exterior photos of the property and interior photographs of the service material and record the pipe material identified. Inspections generally take 15 minutes or less. At no time will residents be asked for money. Any customer that prefers to not have an internal inspection completed will be directed to alternatives to the inspections including self-reporting.

The Middletown Township Police Department is aware of the canvassing. If you have any questions about LSLRP, please email njawlead@cdmsmith.com and LeadFreeNJ@amwater.com.

The road will remain open throughout construction and two 11-foot-wide travel ways in each direction will be maintained. Construction is anticipated to take two years. Please follow all posted signs and stay alert while driving in the area, as temporary changes to traffic patterns may occur. Click [HERE](#) to read the County's press release for more information.
- Church Street in Belford (near Saint Mary's School) between Leonardville Road and Drift Road is currently closed to replace Bridge MT-10. It will most

- As of Monday, January 13th, Broadway is closed between Main Street (Port Monmouth) and Church Street (Belford) due to construction of the final phase of the U.S. Army Corps of Engineers' Port Monmouth Flood Control Project. Broadway will be closed for approximately two years. Detours were posted. Port Monmouth Road between Main Street (Port Monmouth) and Church Street (Belford) reopened on Monday, January 13th, providing an alternate detour route for the Broadway closure.

RESOURCES

THE NATIONAL FLOOD INSURANCE PROGRAM HAS LAPSED: WHAT TO KNOW

What You Need to Know

- The NFIP cannot issue new or renew existing flood insurance policies until the program is reauthorized.
- Consumers who had a pending policy application or renewal should confirm with their agent that they have coverage.
- Homeowners with active NFIP policies will still be covered until their expiration date, including a 30-day grace period.
- NFIP will continue to adjust and pay claims as funds are available. If funds are depleted, claims payments will be delayed until additional funds become available.
- If you have private flood insurance, you are NOT affected.

Information for Homebuyers

- In some cases, homebuyers may be able to assume the seller's existing NFIP policy.
- Lenders may continue making loans during a lapse, but must still conduct flood determinations, provide accurate borrower notices, and follow all other flood insurance regulations. They are also expected to manage safety, soundness, and legal risks, and consider private flood insurance options.
- Private flood insurance remains an option and should be strongly considered.

Are Floodplain Regulations on Hold?

No, Middletown Township must continue to enforce local, state, and federal regulations during the lapse.
