Last weekend, hundreds of community members came together to assist local nonprofit Middletown Helps Its Own pack and deliver boxes of food and turkeys to local families in need. Thanks to our community's generosity, a total of 350 families in Middletown can eat a delicious Thanksgiving meal.

Mayor Tony Perry, Committeewoman Kimberly Kratz, Middletown first responders, and the Middletown Lions Club were proud to be part of the many individuals and organizations who lent a helping hand for this great cause.

## Historic Cedar View Cemetery Celebrates 175 Years

*Pictured from left: Mayor Tony Perry, FOCV Committee Chair Beverly Holland, and FOCV President John Smack (Photo courtesy of FOCV)*

On Sunday, November 16<sup>th</sup>, Mayor Tony Perry was honored to present a proclamation to local nonprofit Friends of Cedar View (FOCV) at Cedar View Cemetery's 175<sup>th</sup> anniversary luncheon.

Cedar View Cemetery, located off Hurleys Lane in Lincroft, is the final resting place of Black soldiers from the Civil War and World War I, as well as formerly enslaved people and their descendants. In addition to being one of the most historic cemeteries in Monmouth County, it is also the only known African-American burial ground from that time period. On November 14, 1850, John B. Crawford, a local white farmer, and his wife, Catherine, sold the two-acre plot of land for \$60 to 14 free Black men to be used as a burying ground.

After discovering how neglected the cemetery had been, a group of descendants, historians, and citizens incorporated FOCV in 2021 to preserve the cemetery and its forgotten history. Today, FOCV hosts routine cleanups to continue restoration and maintenance, participates in community events, and organizes fundraisers to raise awareness and protect this hallowed ground.

## Help Keep Our Storm Drains Clear This Season

As heavy rain and freezing temperatures approach, please take a quick look at any storm drains in the street near your property. Leaves are falling fast, and when they pile up on top of a storm drain, they can block water flow and contribute to street flooding and icy conditions.

### How You Can Help

- ❁ If you see a storm drain covered with leaves, please sweep or rake the debris away from the grate to keep water moving safely. Move leaves and other debris out of the roadway so they don't wash back onto the grate when it rains.
- ❁ If the drain is completely blocked or unsafe to access, please report it by calling Public Works at 732-615-2090 or by visiting [middletownnj.org/connectcorrectcategories](http://middletownnj.org/connectcorrectcategories) and submitting a request under "Roads".

DPW crews are out clearing drains across town, but with over 6,000 catch basins in our neighborhood streets, every bit of community help goes a long way.

Thank you for helping keep Middletown safe and prepared for fall and winter weather!

## NJAW Lead Service Line Replacement Program Door-to-Door Canvassing Continues

[Click on the canvassing map to view it in a larger PDF format.](#)

CDM Smith, on behalf of New Jersey American Water (NJAW), started a door-to-door canvassing effort related to the Lead Service Line Replacement Program (LSLRP) in Middletown on Monday, February 3<sup>rd</sup>. The team will be working in the River Plaza Elementary School District and Lincroft Elementary School District in Area 3 next week. There will be no work conducted on Thursday, November 27<sup>th</sup> or Friday, November 28<sup>th</sup> due to Thanksgiving.

All CDM Smith inspectors will wear co-branded (NJAW and CDM Smith) high visibility logo vests and will have NJAW-issued Contractor ID badges. Inspectors will introduce themselves and the program to property owners and will then ask to enter the home to inspect the water service where it enters into the home (typically in a basement or crawl space).

The inspector will take exterior photos of the property and interior photographs of the service material and record the pipe material identified. Inspections generally take 15 minutes or less. At no time will residents be asked for money. Any customer

that prefers to not have an internal inspection completed will be directed to alternatives to the inspections including self-reporting.

The Middletown Township Police Department is aware of the canvassing. If you have any questions about LSLRP, please email [njawlead@cdmsmith.com](mailto:njawlead@cdmsmith.com) and [LeadFreeNJ@amwater.com](mailto:LeadFreeNJ@amwater.com).

## THE NATIONAL FLOOD INSURANCE PROGRAM HAS LAPSED: WHAT TO KNOW

### What You Need to Know

- The NFIP cannot issue new or renew existing flood insurance policies until the program is reauthorized.
- Consumers who had a pending policy application or renewal should confirm with their agent that they have coverage.
- Homeowners with active NFIP policies will still be covered until their expiration date, including a 30-day grace period.
- NFIP will continue to adjust and pay claims as funds are available. If funds are depleted, claims payments will be delayed until additional funds become available.
- If you have private flood insurance, you are NOT affected.

### Information for Homebuyers

- In some cases, homebuyers may be able to assume the seller's existing NFIP policy.
- Lenders may continue making loans during a lapse, but must still conduct flood determinations, provide accurate borrower notices, and follow all other flood insurance regulations. They are also expected to manage safety, soundness, and legal risks, and consider private flood insurance options.
- Private flood insurance remains an option and should be strongly considered.

### Are Floodplain Regulations on Hold?

No, Middletown Township must continue to enforce local, state, and federal regulations during the lapse.
