A graphic for a memorial service. The background features a stylized American flag with stars on the left and stripes on the right. Overlaid on the graphic is the text "Middletown Remembers" in a large, elegant, cursive font. Below this, in a larger serif font, is "20<sup>th</sup> Anniversary of the World Trade Center Tragedy". Underneath that, in a smaller serif font, is "Saturday, September 11<sup>th</sup> at 6:30 p.m.". Below the date, in a script font, is the invitation: "Please join us to honor our Middletown friends and neighbors lost in the World Trade Center attack." At the bottom, in a smaller serif font, are the details: "Middletown WTC Memorial Gardens", "36 Church Street, Middletown, NJ 07748", and "(next to the Middletown Arts Center)". A small note at the bottom of the graphic states: "Parking will be available at the Middletown Train Station. Police will be directing traffic. Tribute will be held rain or shine." The entire graphic is set against a dark blue background.

Please join us on Saturday, September 11<sup>th</sup> to remember the 37 residents who lost their lives on that tragic day 20 years ago. The memorial service will begin at 6:30 PM and take place at the WTC Memorial Gardens (36 Church Street).

## State Authorities Urge Residents to Report Invasive Spotted Lanternflies

After increased sightings in Monmouth County, the Middletown Health Department advises the community to be aware of the Spotted Lanternfly. The Spotted Lanternfly is a serious invasive pest that feeds on sap from over 70 different plant species. It

excretes honeydew while feeding, which results in mold covering the plant and anything nearby. While Spotted Lanternflies do not directly hurt humans or animals, they can negatively impact our agriculture, economy, and everyday life.

If you see a Spotted Lanternfly, take a photo of it and [report it to the NJ Department of Agriculture \(NJDA\)](#) or call 833-4BADBUG (833-422-3284). The NJDA is urging

anyone who comes across the insect to report and destroy it immediately to help slow the spread.

For more information about the Spotted Lanternfly, visit the [New Jersey Department of Agriculture's website](#). For additional resources from the NJDA about the invasive bug and how to help control the spread, visit the [NJDA's Homeowner Resources](#).
