**Last weekend, Mayor Tony Perry, Committeewoman Kimberly Kratz, and Maureen Raisch (a representative of the Mayor's Office), attended Girl Scout Troop 127's sign dedication at Leonardo Beach. The troop worked through our Clean Communities Mini Grant Program to install the two signs, as part of their efforts toward a Journey Badge. The group of seven, led by Stacy Slater, fundraised by participating in a beach cleanup at Leonardo Beach in July. Inspired by the 250 pounds of trash they recovered, the new signs read "Leave only footprints of love and kindness wherever you go."**

**After six months of hard work, the girls accomplished their goal of earning their Journey Badges and adding these two wonderful signs! Thank you Girl Scout Troop 127 for making a positive impact in our community!**

**Middletown Township Reminds Drivers to Follow School Bus Traffic Laws!**

*Do not pass a school bus with flashing red lights.*

Stop at least 25 feet away if traveling on a two-lane road or on a multi-lane highway. Slow down to 10 mph if traveling on a dual highway, if on the opposite side of a safety island or a raised median.

**SCHOOL BUS SAFETY TIPS**

School buses are equipped with yellow, amber or red flashing lights. Yellow or amber lights before the bus stops, and red lights go on when it has stopped.

When the bus stops, motorists traveling behind or approaching the bus must stop at least 25 feet from the school bus. Watch for children, and then proceed slowly at 10 mph.

If a school bus has stopped directly in front of a school to pick up or let off children, pass from either direction at no more than 10 mph.

A violation of these laws results in a \$100 fine and up to 15 days in jail or up to 15 days community service for a first offense. For subsequent offenses, violators can receive a \$250 fine or more and up to 15 days in jail. Five points are added to a driver's record for each offense.

State Authorities Urge Residents to Report Invasive Spotted Lanternflies

After increased sightings in Monmouth County, the Middletown Health Department advises the community to be aware of the Spotted Lanternfly. The Spotted Lanternfly is a serious invasive pest that feeds on sap from over 70 different plant species. It excretes honeydew while feeding, which results in mold covering the plant and anything nearby. While Spotted Lanternflies do not directly hurt humans or animals, they can negatively impact our agriculture, economy, and everyday life.

If you see a Spotted Lanternfly, take a photo of it and [report it to the NJ Department of Agriculture \(NJDA\)](#) or call 833-4BADBUG (833-422-3284). The NJDA is urging

<https://www.middletownnj.org/CivicSend/ViewMessage/Message/152557>[9/18/2021 8:15:04 AM]

anyone who comes across the insect to report and destroy it immediately to help slow the spread.

For more information about the Spotted Lanternfly, visit the [New Jersey Department of Agriculture's website](#). For additional resources from the NJDA about the invasive bug and how to help control the spread, [visit the NJDA's Homeowner Resources](#).
